

IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF TEXAS
SHERMAN DIVISION

UNITED STATES OF AMERICA	§	
	§	
v.	§	NO. 4:12CR16
	§	Judge Schell
BECKER SCOTT DEMMING (28)	§	

WAIVER OF RELIEF UNDER 18 U.S.C. § 3582(c)(2)
BASED ON PROPOSED AMENDMENTS TO DRUG GUIDELINES

Defendant understands that the presentence report in this case calculates a base offense level of 36 under the current sentencing guidelines. When this level is combined with other adjustments, the presentence report reflects a total offense level of 33.

Defendant further understands that the Sentencing Commission's proposed amendments to the drug quantity tables, U.S.S.G. § 2D1.1 (eff. Nov. 1, 2014), would have the effect of reducing the base offense level, and therefore the total offense level, by two levels, resulting in a total offense level of 31.

If the Court elects to grant a two-level downward variance consistent with the proposed amendment, Defendant waives the right to file a motion for reduction of sentence under 18 U.S.C. § 3582(c)(2) based on the amendment when it takes effect.

I have read, or had read to me, this waiver and have carefully reviewed it with my attorney. I fully understand that the waiver is to my benefit and voluntarily agree to it.
